Software Engineering 2 – Progress Report #1

Date: 03/06/2023

| | |
|--|--|
| Project Title | Marie's Printing Service Sales Management System |
| Members (Group Name and Members) | GAN-BM2 Members: CORBE, Matthew Raphael C. DIONISIO, Patrick James C. DIZON, Jerson Gabriel D. GAN, Hans Matthew N. MANONGAS, Jomari B. PATARATA, Ghasutt Joshua R. |
| Client (Organization Name, Department) | Business Name: Marie's Printing Service Owner: Jenny Marie B. Manongas |
| Team Lead | GAN, Hans Matthew N. |
| Start Date & End Date (target) | Start Date: March 2023 End Date: April 2023 |

Describe here each member's tasks in bullets. Then apposite them comment a DONE or NOT DONE status.

CORBE, Matthew Raphael C.

- Re-analysis of the Software Requirements - DONE
- Determining Software Features viable for Modification/Improvement – DONE
- Development of Test Cases and Test Data – NOT YET DONE

DIONISIO, Patrick James C.

- Re-analysis of the Software Requirements – DONE
- Determining Software Features viable for Modification/Improvement - DONE
- Reconstruction of the System Database – NOT YET DONE
- Reengineering of the Software's Application Modules – NOT YET DONE

DIZON, Jerson Gabriel D.

- Re-analysis of the Software Requirements – DONE
- Updating Software Requirements Documents - DONE
- Determining Software Features viable for Modification/Improvement – DONE
- Writing Change Request Proposals – DONE
- Development of Test Cases and Test Data – NOT YET DONE
- Perform Software Testing – NOT YET DONE
- Evaluate Software Test Results – NOT YET DONE

GAN, Hans Matthew N.

- Re-analysis of the Software Requirements - DONE

- Determining Software Features viable for Modification/Improvement - DONE
- Reengineering of the Software's Application Modules – NOT YET DONE
- Perform Software Testing – NOT YET DONE
- Evaluate and Validate Software Test Results – NOT YET DONE

MANONGAS, Jomari B.

- Re-analysis of the Software Requirements - DONE
- Determining Software Features viable for Modification/Improvement - DONE
- Reengineering of the Software's Application Modules – NOT YET DONE
- Development of Test Cases and Test Data – NOT YET DONE
- Perform Software Testing – NOT YET DONE

PATARATA, Ghasutt Joshua R.

- Re-analysis of the Software Requirements - DONE
- Determining Software Features viable for Modification/Improvement – DONE
- Development of Test Cases and Test Data – NOT YET DONE
